Dear Faye,

Whitsunday Christian College welcomes the Heart of the Reef Discovery Centre as it would benefit educating our children about the reef and about the local Ngabo people. The nearest museum of note is in Townsville and education centres are problematic to visit given our isolation. An interactive, informative and engaging centre could provide excellent understanding of not only our reef, but also issues associated with our environment.

Kind regards,

Mark Ogilvie (M.Ed.Stud, M. Appl. Ling, B.Ed)
Principal
